Subject:- Introduction of the system of charging fees
from patients admitted to Hajee Sir Ismail
Sait's Gosha Hospital, Bangalore.

Sir,

With reference to your letter No. 1746/247-191^x
dated the 18th. February 1929, I have the honour to in-
form you

1) that Hajee Sir Ismail Sait has not provided
any endowment for the maintenance of the Hospital in
addition to his providing funds for its construction.

2) that there was no^x any understanding prior
to its construction that the Hospital should be free as
regards its general wards. In this connection please
see para 2 of this office letter No. 1842^x of 15th. March
1923 and para 5 of your office letter No. 7314/247-1919^x
of 12th. September 1923.

3) that the estimated expenditure on the main-
tenance of the general wards would be Rs 17,500/- per
annum.

A statement of actual expenditure since its
opening is herewith attached.

It may be stated that even if a system of pay-
ment be introduced for the general wards of the Gosha
Hospital, the amounts likely to be paid by patients in
these wards will not be more than a few annas a head in
those who are not of the poorest class. Those who^{can} afford
Re 1/- to Rs 2/- a day expect a private ward.

I suggest that the Private Wards be paying wards, and that the General Wards patients be requested so far as their means allow to put some contribution in the Hospital Poor Box.

Dear Major Loch,

I beg to acknowledge the receipt of your D.O. letter No. 1687 dated the 16th ultimo. Owing to operation to my eyes and absence from Bangalore, am sorry I was not able to reply you earlier.

I now beg to inform you that the understanding between myself and the authorities was that the treatment in the Hajee Sir Ismail Salt's Gosha Hospital was to be free at the cost of the Government and I was to construct a Hospital at a cost of rupees one lac which I have done. I beg to state that my representation to Her Excellency Lady Chelmsford and subsequent correspondence will show nothing even to suggest levying of Fees from the patients in the General Ward. I understand from Col. MacPherson's letter No. 1610/98 D/2nd November 1928 that it is only lately that the Government of India have intimated their desire to introduce the system

(Reply No. 322)

Dated Bangalore *17/4* April, 1929.

Introduction of the system of charging fees
from patients admitted to Hajee Sir Ismail Sait's
Gosha Hospital, Bangalore.

Sir,

I have the honour to refer to Mr. Mukherjee's Memorandum No.D.3252-A/28, dated the 11th January, 1929, in which certain enquiries are made in connection with the Gosha Hospital, Bangalore.

2. Hajee Sir Ismail Sait did not provide any endowment for the maintenance of the hospital.

3. The position regarding the question of levying fees from patients in the general wards of the Hospital is not established in the correspondence. A copy is enclosed of a letter dated the 22nd March, 1929, from Hajee Sir Ismail Sait, from which it is clear that he considers that treatment in the General Wards of the Hospital was to be free and that the Hospital was to be kept up by Government. There does not appear to have been anything in writing to clarify the situation. The records of the Residency do not throw much ~~light~~ light on the subject, and the reference to the possibility of some income from fees mentioned in the fifth paragraph of the Hon'ble Mr. (now Sir William) Barton's letter No.7314/247-1919, dated the 12th September, 1923, was apparently based on a casual reference to the subject in informal correspondence with the then Residency Surgeon, but

it was decided that consideration of the question might be deferred, as to levy fees at the outset might prejudice the success of the Hospital. I do not think that either the Resident or the Residency Surgeon at the time thought that there was any undertaking that fees should be charged but the matter was not threshed out, and it is probable that Hajee Sir Ismail Sait's view is correct, especially as there does not, in fact, seem to have been any reference to fees in the correspondence with him.

In any case, however, the amount of such fees in the General Wards would be very small and the Residency Surgeon suggests that a way out of the difficulty will be to invite patients to contribute to a Hospital Poor Box according to their means. The total amount of such contributions would probably be inconsiderable.

4. The estimated expenditure on the General Wards of Hajee Sir Ismail Sait's Gosha Hospital, based on experience of the period 25th November, 1925, to 31st March, 1929, is Rs.17,500/- a year and I consider that the revenues of the Assigned Tract can bear this expenditure.
